Supporting our LINKS Missionary Shannon Smith

in Cambodia. Shannon request the following prayer – Two weeks ago Shannon suffered a concussion from a head injury that continues to cause headaches. It is a difficult time with this injury and added isolation due to strict COVID restrictions. This may also prevent her from travel to the states this year. She asked that we pray for her ability to maintain much needed relationships that are important on a personal and mission level. Shannon added she thanks God for His relationship with her that keeps her strong.

Thank you ❤️ - [More about Shannon](#)
